The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**APPROVAL OF PUBLIC-PRIVATE PARTNERSHIP
PROGRAM AGREEMENT AMENDMENTS**
(All Districts) (3 Votes)

IT IS RECOMMENDED THAT YOUR BOARD:

Delegate authority to the Director of the Department of Health Services (DHS or Department), or his designee, upon review and approval by County Counsel and Chief Administrative Office, to:

1. Amend 52 Public-Private Partnership (PPP) Program Health Care Services Agreements, substantially similar to Exhibit I, with the partners listed on Attachments B and B-1, to add a provision that allows a Contractor to charge PPP eligible patients, if patients seek and require additional services beyond those encompassed in the current Agreement, effective upon date of Board approval through June 30, 2007, with no change to the maximum obligation.
2. Amend 12 PPP Health Care Services Agreements, substantially similar to Exhibit II, with those partners that provide dental care services listed on Attachment B-1, to add a California Dental Code for general anesthesia, not included on the current list of approved codes, for pediatric dental patients with special needs, effective upon date of Board approval through June 30, 2007, with no change to the maximum obligation.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS:

In approving these actions, the Board is authorizing PPP Health Services Agreement Amendments to revise and clarify patient billing contract language and revise the list of procedural codes to include anesthesia for pediatric dental patients with special needs.

FISCAL IMPACT/FINANCING:

None. There is no additional net County cost associated with the Department's recommended actions.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

Since May 31, 2005, the Board has approved various PPP Strategic and Traditional Partner Services Agreements and Amendments for the provision of primary, dental, and specialty care services with those partners listed on Attachments B and B-1.

Recently, there has been a need to clarify contract language as it pertains to billing PPP eligible patients who seek and require additional services beyond those encompassed in the current Agreement. After consulting with County Counsel, the Department has determined it necessary to amend the current PPP Agreements to provide clarity for the purpose of patient billing. The new language will allow Contractors to bill eligible patients who seek additional primary, dental, or specialty care services that are not billable to the PPP Program under the current Agreement.

In addition, the Department has also deemed it necessary to revise the list of approved dental procedural codes to allow general anesthesia for pediatric patients with special needs. Many of the pediatric dental patients are unable to tolerate necessary dental treatment under the regular dental setting due to their age and uncooperative behavior. Although oral/mild sedation is used and is often successful, those patients with immature cognitive functions, or physical or medical conditions may require a deeper level of sedation to provide safe and humane office dental treatment. These patients are currently referred out for treatment that requires general anesthesia.

Therefore, the Department recommends adding contract language to clarify patient billing and revise the list of approved dental procedural codes to include general anesthesia for pediatric patients with special needs.

Attachments A, B, and B-1 provide additional information.

Exhibits I and II have been approved as to form by County Counsel.

CONTRACT PROCESS:

It is not appropriate to advertise amendment contract actions on the Los Angeles County Online Website.

IMPACT ON CURRENT SERVICES (OR PROJECTS):

The Board's approval of these recommendations will allow PPP Program Contractors to charge PPP eligible patients who seek and require additional services beyond those encompassed in the current Agreement, and revise the list of approved dental procedural codes to include anesthesia for pediatric dental patients with special needs.

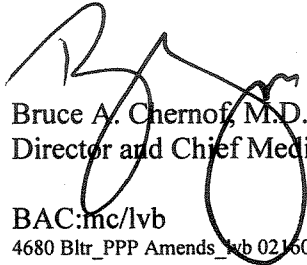

The Honorable Board of Supervisors.

March 6, 2007

Page 3

When approved, this Department requires three signed copies of the Board's action.

Respectfully submitted,

Bruce A. Chernof, M.D.
Director and Chief Medical Officer
